

1st Announcement

SFEC 2017

**4th International
Congress of
Society for
Ethnopharmacology**

Bardoli, Surat, Gujarat, India; February 23-25, 2017

**“Healthcare in 21st century: Perspectives of
Ethnopharmacology & Medicinal Plant Research.”**

Organized by

**C.G. Bhakta Institute of Biotechnology &
Maliba Pharmacy College
Uka Tarsadia University
Bardoli, Dist. Surat- 394350, Gujarat, India
www.utu.ac.in**

Uka Tarsadia University (UTU) was established in 2011 by the Bardoli Pradesh Kelavani Mandal (BPKM) with the help of generous donation from Shri B U Patel, USA with an effort towards meeting the growing demand for quality education. BPKM needs no introduction about its significant contribution in providing collegiate education over the last 60 years in South Gujarat, India. Located in the Southern region of the state of Gujarat in India, the entire campus is spread across 100 acres of land with a total build up area of more than 1.5 lakh square meters. The University provides educational opportunities to more than 8000 students. More than 450 faculty members of the University represent an eclectic mix of professional and academic of National and International experiences.

Society for Ethnopharmacology, India is a registered under the West Bengal Society Registration act and also affiliated to the International Society for Ethnopharmacology, UK. The society was formed in 2013 and has made its presence through the country, which provides networking opportunity for development and promotion of medicinal plants and ethnopharmacology. The Society works on dissemination of knowledge in this area through different local chapters made in different parts of India with the major highlights on “*Globalizing local knowledge and localizing global technologies.*” For further details please visit: www.ethnopharmacology.in

International Society for Ethnopharmacology UK (ISE) is an International scientific organization of researchers dedicated to the interdisciplinary study of the pharmacological actions of plants, animals, insects, and other organisms used in medicines of indigenous and modern, past and present cultures. The major objective of the ISE is to promote Ethnopharmacology as a scientific field of research. The Journal of Ethnopharmacology is dedicated to the exchange of information and understandings about people’s use of natural products and their bio-prospecting. For details please visit: www.ethnopharmacology.org

Themes of the Congress:

- Dissemination of knowledge on education and research for promotion of medicinal plant and Ethnopharmacology
- Evidence based documentation and evaluation of safety, efficacy and quality of medicinal plant products in Indian systems of medicine (Ayurveda, Siddha, Unani, Homeopathy)
 - Globalization of traditional medicine
- Scientific documentation and validation of traditional knowledge
- Ethnopharmacology in drug discovery and development- global scenario
- Development of analytical techniques for quality control, and standardization of herbal medicine
- Phytochemical, pharmacological, microbiological screening of medicinal plants
- Bioprospecting of natural products – an approach towards drug discovery

- Integrative approach in healthcare – Role of medicinal plants
- Development and evaluation of herbal formulation from medicinal plant through industry institute partnership
- IP rights, patents and regulatory affairs of medicinal and aromatic plants
- Good Agricultural Practices (GAP), Good Agricultural & Collection Practices (GACP), Good Laboratory Practices (GLP) & Good Manufacturing Practices (GMP) for medicinal plant products
- Plant breeding, Genetics & Biotechnology
- Conservation & propagation of rare, endangered & threatened medicinal plants

Join the event and explore the opportunities
