Dear Friends

The 22nd International Congress of International Society for Ethnopharmacology (ISE) & the 10th International Congress of the Society for Ethnopharmacology (SFE), India (ISE-SFEC 2023) will be jointly organized by the Institute of Bioresources and Sustainable Development (IBSD), Imphal, India and the Society for Ethnopharmacology, India during February 24-26, 2023 at City Convention Centre, Imphal, Manipur, India with the theme on “Reimagine Ethnopharmacology - Globalization of Traditional Medicine”. This congress will focused on several crucial and contemporary issues on the scientific study on traditional medicine based on Ethnopharmacology and medicinal plants by the renowned scientists throughout the world. This will provide an ideal platform to the participants to present their research work, interact, debate and disseminate ideas amongst the distinguished professionals, eminent scientists, technologist and industrialist. This event will be organized in both physical and online mode.

On behalf of the local organizing committee, International Society for Ethnopharmacology and Society for Ethnopharmacology, it is our pleasure to invite you to participate in this congress and explore the opportunities. For further details please visit: www.isesfec2023.in

		Dr. Pallab K. Halder SFE, India

Institute of Bioresources and Sustainable Development (IBSD)

is an autonomous Institute under Department of Biotechnology, Ministry of Science and Technology, Govt. of India Imphal, Manipur, having its other center and nodes in Gangtok, Sikkim; Aizawl, Mizoram; and Shilong, Meghalaya. The institute is working on Bioresources development and their sustainable use through biotechnological interventions for the socio-economic growth of the region with the major goal of scientific management of bioresources in the Indian region falling under Indo-Burma Biodiversity Hotspot. For further details please visit: www.ibsd.gov.in

Society for Ethnopharmacology (SFE), India

is a registered society under the West Bengal Society Registration act and also affiliated to the International Society for Ethnopharmacology. The society was formed in 2013 and has made its presence throughout the country, which provides networking opportunity for development and promotion of medicinal plants and ethno pharmacology. The Society works on dissemination of knowledge in this area through different local chapters made in different parts of India with the major goal on “Globalizing local knowledge and localizing global technologies.” For further details please visit: www.ethnopharmacology.in

International Society for Ethnopharmacology (ISE)

is an International scientific organization of researchers dedicated to the interdisciplinary study of the pharmacological actions of plants, animals, insects, and other organisms used in medicines of indigenous and modern, past and present cultures. The major objective of the ISE is to promote Ethnopharmacology as a scientific field of research. The society is dedicated to the exchange of information and understandings about people's use of natural products and their bio-prospecting. For details please visit: www.ethnopharmacology.org

Major Highlights of the Congress:

- Globalization of Traditional Medicine: Tradition to Translation
- Dissemination of knowledge for promotion of AYUSH drugs
- Exploring medicinal plants, ethnopharmacology and traditional practices.
- Identification and documentation of medicinal plants and traditional resources
- Evidence based validation of traditional medicine
- Ethnopharmacology conclave - Traditional health care practices
- Ethno veterinary medicine
- Evaluation of safety, efficacy and quality of botanicals
- Ethnopharmacology in drug discovery and development- global perspectives
- Phytochemical, pharmacological, antimicrobial evaluation of medicinal plants
- Analytical techniques for quality control and standardization
- Bioprospecting of natural products – an approach towards drug discovery
- Integrative approach in promotion and development of traditional medicine
- Development and evaluation of herbal formulation- industry institute partnership
- Bioeconomy from bioresources – perspectives of medicinal plants and traditional medicine
- IP rights, patents and regulatory affairs of medicinal and aromatic plants
- Conservation & propagation of medicinal plants
