Society for Ethnopharmacology (SFE-India)

SOCIETY FOR ETHNOPHARMACOLOGY (SFE)

(A registered Society)

Affiliated to: International Society for Ethnopharmacology

Inspiration from Dr . A P J Abdul Kalam

Mission:
To build a scientific bridge that honors traditional wisdom and upholds the rigor of modern validation.

Provides an ideal platform for interaction, debate and dissemination of ideas amongst the professionals, scientists, technologists and the traditional healers.

To promote scientific validation, documentation, and dissemination of traditional medical knowledge.

SFE, India – a Vibrant organization, Building a Strong and United Community, Inspiring Others with Lasting Impact

Established in 2012

Vision:
Position India as a global hub for evidence-based herbal innovation, establishing international benchmarks.

Development of a roadmap on strategies for research in ethnomedicine, ethnopharmacology and Traditional Health Practices.

"Globalizing Local Knowledge, localizing global technology"
